Comprehensive Course in Implant Dentistry

conducted in a small group setting with Individual Attention

This Series of 8 Sessions will provide you with a firm foundation in Implant Dentistry incorporating cutting edge current advances

Each session incorporates Hands-On and or Live Surgery observation

Dr. Kenneth Lee

- Professor, University of Jaume I Castellon
- B.D.S (Syd Uni) , Grad. Dip of Health Sc. (Uni. W. Syd)
- MSc (Oral Implantology) (Frankfurt University)
- MDS (Orthodontics & Dentofacial Orthopedics Magna Cum Laude) (UJI, Castellon)
- Fellow International College of Dentists
- Fellow Pierre Fauchard Academy
- Fellow and Diplomate of International Congress of Oral Implantologists (USA)
- Fellow, Diplomate, and International Board Member of the World Academy of Ultrasonic Piezo Surgery
- Fellow, Mastership and Diplomate of International Dental Implant Association
- President of International Dental Implant Association Australia
- Fellow, Diplomate and Master Senior Instructor of International Association for Orthodontics (USA), International Board of Orthodontics Certified
- Chair of Education for International Association of Orthodontics
- President of International Association for Orthodontics (2015/2016)
- Fellow of American Association for Functional Orthodontics (USA)
- Fellow of American Academy of Craniofacial Pain (AACP)
- Fellow of International Academy of Dento-Facial Esthetics (IAEFE)

Dr. Jonathan Low

- B.D.S. (Hons) (Syd Uni.)
- Assistant Professor, Universitat Jaume I, Castellon
- Senior Instructor of the International Association for Orthodontics
- Fellow of the International Association for Orthodontics
- Fellow of the International Congress of Oral Implantology
- Fellow of the International Dental Implant Association
- Fellow of International Academy of Dento-Facial Esthetics (IAEFE)
- Treasurer / Secretary Australasian Association of Orofacial Orthopaedics

Dr. Marianne Pinto

- B.D.S. (Bom), M.D.S.(Bom), A.D.E.C.
- Senior Instructor and Fellow of the IAO
- IAO Education Committee Board Member
- Fellow of the International Congress of Oral Implantology
- Fellow of the International Dental Implant Association

Dr Pinto was a Foundation Student of IAADent and since then has gone from placing single implants to routinely performing bone augmentations, ridge splitting, sinus lifts and full arch rehabilitations. She is an experienced user of CGF and autologous bone concentrates.

Dr. Sheng Zhang

- B.O.H. (Syd)
 - B.D.S. (Adel. University Medal)
 - Fellow of the International Dental Implant Association
- Dr Zhang has travelled extensively in pursuit of learning from the best in the field of Oral Implantology. He has extensive training, education and experience in solving complex rehabilitation cases. One of Dr Zhang's passion is Surgical Soft Tissue Management in general dental practice and in Oral Implantology.

 All course participants are to refer to Australian Dental Board Guidelines for Scope of Practice and Scope of Practice Registration Standards and to work within their own scope of practice

*Comprehensive Course in Implant Dentistry
conducted in a small group setting with Individual Attention*

This Series of 8 Sessions will provide you with a firm foundation in Implant Dentistry incorporating cutting edge current advances

“ This is a Hands-On Course”

IAADent is committed to providing the best possible education for the General Dentist

This course offers a unique educational opportunity featuring a proven curriculum for a successful Implant Practitioner. In 8 two day sessions, the IAADent Course provides participants with ample opportunity both to learn and to apply the new techniques.

Each session incorporates Hands-On and or Live Surgery observation.

Participants will develop actual cases from their own practices, beginning with Diagnosis and Treatment planning, progressing through surgical guide fabrication and 3-D image analysis and culminating in implant placement.

Dr Lee will share his knowledge gathered from decades of learning and insight gained from working with different implant systems. You will learn many clinical pearls which can be applied in your practice.

Dr Lee has been placing and restoring implants since 1989. His training has taken him around the world. Training includes a Masters in Germany, being a Visiting Fellow in the Catholic University Daegu South Korea.

Dr Lee is the Head of Diploma Course and external professor for the Dental Science Master Program in Oral Implantology at Universitat Jaume I (UJI).

“ This Course is a must!!! It is without doubt, one of the top 5 comprehensive implant courses in the world. After finishing this course, you will have the confidence and passion to make implantology a significant part of your practice.”

Dr Steve Gallela, Memphis, TN

“Life changing course....mind changing as well....It has opened my eyes on so many things, things I didn't see or notice before in patients mouth.”

Dr Y. S.

“I really learnt a lot from IAADent implant course, its the best course I have ever done in dentistry, so thorough and it all makes sense and instructors Dr Kenneth Lee and Dr Jonathan Low are so approachable and patient to learn from”

Dr E. C.

To Ken,

" You have opened my eyes to the world of cutting edge implantology.

Your level of knowledge, skill, positive nature and interactive communication throughout your seminars, has been truly inspirational.

My quest for learning and rehabilitating patients with implants has certainly been ignited.

Your sessions on Implantology was equivalent to me attending 15years of other implant courses”

Dr R. P (Experienced Implant Dentist)

“The IAADent Comprehensive Implant Course is a practical, hands-on course that has given me the knowledge and skills needed to provide the best implant treatment for my patients.

It has renewed my passion for learning and continuous professional development by changing the way I view my role as a general practitioner.

Since completing the course, I have had a more holistic and advanced understanding of dentistry, and patients have consistently commented on the thoroughness of my treatment”

Dr J.Y. Choi

Live surgery observations are planned for Sessions 1,3,6,7 and 8

Procedures include, socket preservation, bone augmentation, CGF use, sinus lifts, implant placements, TME placement, impression taking and issuing of prosthesis

Sessions

Session 1 11-12 February 2022

- Introduction to Dental Implants
- Rationale for Implants
- Implant Design
- Human Anatomy
- Bone Density Based Drilling
- Diagnosis and Treatment Planning- an overview
- Radiology for Implants
- Basic Suturing Principles –
- Types of sutures & which to choose, when

Session 2 11-12 March 2022

- Bone Evaluation
- Surgical Site Considerations
- Surgical setup and instruments
- Blood – CGF
- Bone Augmentation Materials
- Screw Type Systems
- Press-fit Systems

Session 3 29-30 April 2022

- Mini-Implants
- Surgical Sites
- Screw vs Cement Retained Restorations
- Implant Related Occlusion
- Occlusal Design Patterns
- CAD/CAM

17-18 June 2022

- Prosthesis
- Understanding CT Scans (CBCT)
- Single and multiple implants
- PIEZO surgery – Advantages of PIEZO Implantology
- Prosthetic Procedures- Impression taking and delivery

Hands-On Components

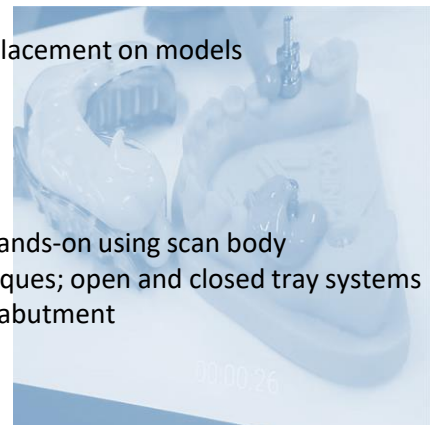

- Occlusal Analysis
- Muscle Palpation

- Incisions on models and implant placement
- Suturing Techniques
- Introduction to CGF - Demo

- Slimline implant placement on models

- CBCT reading
- Scanning demo/hands-on using scan body
- Impression techniques; open and closed tray systems
- Pick-up, transfer, abutment
- Bite registrations

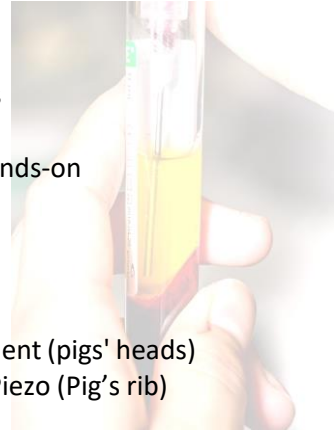

Session 5

29-30 July 2022

Osteotome Technique
Sutures
Introduction to Micro-implants
GBR and GTR Techniques – Principles, Indications,
Graft materials, membrane types

Micro-implants
Osteotome Exercises
TAD's
Piezo (using eggs) hands-on

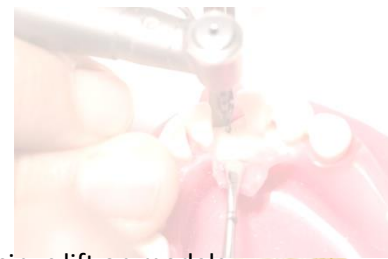

Session 6

9-10 September 2022

Concentrated Growth Factors
Ridge Splitting and Sinus Lifts/Grafts
CGF/Fibrin
Soft Tissue Management
GBR/GTR continued
Lateral Wall Sinus Lift/ Graft –
Anatomy, Techniques and Materials

Soft tissue management (pigs' heads)
Ridge splitting with Piezo (Pig's rib)
CGF Hands-On

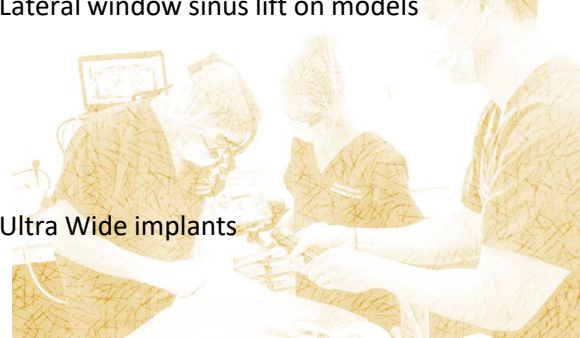

Session 7

21-22 October 2022

Advanced Lateral Wall Sinus Lifts
The future and science of sinus lifting
Lateral Wall Sinus Lift/Graft – complications
Ultra-wide Implants
General complications

Lateral window sinus lift on models

Session 8

18-19 November 2022

THE TOTAL IMPLANT DENTIST
Bringing together bone biology,
prosthetic engineering and soft tissue

Ultra Wide implants
