

# Kosovo Surgical Course 2026

## Over 70 cases treated in our last course!

IAADent dentists travel to Kosovo for the opportunity to perform surgical and implant procedures under the guidance and supervision of our expert faculty tutors. In 2024, within the span of only a few days, we saw a total of over 70 cases for oral surgery, including surgical extractions, bone augmentation, implant placement, sinus lifting, and full arch cases. This impact on the teaching hospital and on the local community was huge.

This year, we are proud and excited to once again offer this opportunity in Kosovo. Availability is strictly limited. Register your interest by email, attached with:

- Your curriculum vitae
  - Your current AHPRA registration certificate
  - Summary of your implant experience and which stream you wish to register
- Applicants will be interviewed prior to full registration.

**Hand-picked cases, tailored to your experience level** 

**Plan your surgeries with tutors prior to arrival** 

**Direct guidance from our expert clinical tutors** 

# Kosovo Surgical Course 2026
